

Today's Seriously Fun Adventure...

Today we are going to travel to space with Sport Xplorer Freddie. We are all astronauts, and we are going to go up up and away, into space, passing the planets, stars and reaching the moon. So let's change into our astronaut outfits ready... Don't forget your space helmet!

Freddie needs our help to reach space safely, without bumping into each other or the planets and stars. Let's now get into Freddie's rocket and get ready for take off!

Once we are up in space we will keep an eye out for all the different things we can see, like; planets, stars, space ships and maybe even aliens too.

While in space Freddie has decided to put on a space party, so bring your best moves, as there are some fun games he has planned for you.
