

SAILING WITH THE

Today's Seriously Fun Adventure...

Today we are going to sail with pirates and Sport Xplorer Fast Freddie. We will explore the pirate ship and learn to do the things pirates do.

We need to help the captain of the pirate ship find his way to the forbidden island using the compass. Keep control of the ship by telling the captain to move north, south, east or west and by using different speeds.

We will be split into two teams and will be on two different ships – crumbs and crusts. We need to work in our team to listen carefully when we can move, to race the other team to the treasure on the island.

When you get to the island, you will need to use your crazy crawling to hide so that the others don't see you trying to get the treasure. Bring the treasure a bag at a time back to your team, and we will see who has managed to get the most treasure. Be quick and try to beat the other pirate teams!

Next we will have to move all of our treasure onto the ship so we can take it with us. Be very quick like Fast Freddie, but try not to drop any of the precious jewels or they will be lost in the sea. Make sure the other pirates don't steal your treasure – you'll need to be quick!
