

IT'S TIME FOR SCHOOL

Today's Seriously Fun Adventure...

We are going to school again today with Handy Harry, for a day of fun. This time, we are going to have a "challenge day", where we will practise all of the things we have learnt with Harry, by playing games and taking part in competitions to show our skills.

Can you remember all of the things we have learned with Harry? We will practise rolling the ball, throwing and catching, bouncing the ball on the spot and striking it with our hands. Can you remember how to do all of these things without losing the ball? We will practise in time for school challenge day...

On challenge day, we will have lots of competitions to show off our skills. We will roll the ball backwards and forwards, listening carefully to the number of times we should roll it. Then we will try to bounce our ball as many times as we can, whilst we say the alphabet. Can you do the two things at once? What letter can you get to before you lose the ball?

We will also show how we can throw longer distance, and we will throw into hoops to learn different facts. Lastly, we will strike our balls at musical instruments on our list – can you collect all of the instruments for the band to play?
